

Apprenticeships - What can we offer?

INDUSTRY

Oil & Gas

LOCATION

UK—Stroud & Gloucester

Mechanical Engineering Apprenticeships

A 4 year apprenticeship opportunity, the first steps to becoming a mechanical engineer.

ABOUT YOU

Are you interested in

- ✓ finding out how things work?
- ✓ taking things apart and putting them back together?
- ✓ making things work better?

If so, then you may be the ideal candidate for a mechanical engineering apprenticeship.

WHAT IS OFFERED

The apprenticeship scheme we offer is a four year apprenticeship.

- ✓ The first year in full-time college education.
- ✓ Years 2 and 3 are in the business with day release of 1 days per week at college.
- ✓ Year 4 is in the business.

As an Apprentice you are contractually employed by LB Bentley and will be paid directly by LB Bentley. You will be supported with your learning throughout the apprenticeship scheme.

If successful you will complete the apprenticeship with a formal qualification in Mechanical Engineering, an NVQ at level 3.

WHAT YOU NEED

You will be assessed by us when applying for a place on our apprenticeship scheme, meeting up with the relevant manager at LB Bentley and completing an initial assessment.

To secure a place on our apprenticeship you will need to demonstrate the following:

- ✓ A good work ethic and a good, can do attitude.
- ✓ Willingness and commitment to learn.
- ✓ Enthusiasm for how things work and enjoy problem solving.
- ✓ A flair for engineering.
- ✓ Maturity and responsible behaviour with an ability to communicate well.
- ✓ Be a team player.

We are looking for potential candidates who have a good level of aptitude with the ability to achieve 5 GCSE's at level 4 (C grade) minimum - Maths, English, preferably a science and a technical subject.

If you would like to find out more about the apprenticeships we offer, please contact us direct with your details and any supporting information.

For more information on our Apprenticeship Scheme call Angela Carroll on 01453 733110 or e-mail angelac@lb-bentley.com
