

LB BENTLEY AFTERMARKET SERVICES

As part of our ongoing commitment to our customers, LB Bentley Ltd can offer a fully comprehensive aftermarket support service on all of our Subsea product range.

Our aftermarket services are carried out by a fully trained, experienced and committed team of Field Service and Aftermarket Technicians with a wealth of experience and product knowledge.

FIELD SERVICES AVAILABLE

- Servicing & Repair
- Unpacking & Installation Assistance
- Recertification
- Assist with SIT & EFAT Equipment Testing
- Onsite Product Training
- Spare Parts Recommendations

Our Field Service Technicians can be mobilised at short notice or on scheduled visits for both UK and international work.

**CREATIVE ENGINEERED
SOLUTIONS FOR SUBSEA
DEVELOPMENTS**

With a specially designed and fully controlled aftermarket department situated within our production facility, each requirement can be individually tailored to specific project needs or refurbished as new.

The same attention to detail is applied to both refurbishment and field service requirements with the same rigorous quality assurance as our new valves, this ensures that the high standard of service we are renowned is delivered and that every customer requirement is fully satisfied.

REFURBISHMENT SERVICES AVAILABLE

- Refurbishment and Overhaul
- Recertification and Testing
- Surface Re-coating & Painting
- Servicing & Repair

Each requirement can be adapted to suit individual project requirements. Including third party independent witness or product modification.
