

Vacancy

Mechanical Manufacturing Apprenticeship

We are currently looking to recruit a Mechanical Manufacturing Apprentice to gain the knowledge, skills and qualifications necessary to become a Mechanical Engineering Technician in a manufacturing environment. The apprenticeship is four years and is supported and delivered by our training partner Gloucestershire Engineering Training (GET). During your apprenticeship you will complete an NVQ3, Technical Certificate, ERR, PLTS, Functional skills in Maths, English and ICT (If applicable)

You will be expected to have:

- Good educational foundation – minimum of 5 GCSE's with Maths, English and a Science or Technical qualification.
- Good communicator.
- An interest in how things work and how to fix things when they don't.
- Good problem-solving skills.

And the following personal qualities:

- A self-starter who is keen to succeed.
- Enjoys learning and trying out new skills.
- Time Management.
- Good Organisational Skills
- Team player

This is Dayshift, 38.75 hours per week. Monday to Thursday 07.00 to 15.45, Friday 07:00 to 12.45.

If you would like to apply for this position or would like more information, please submit an application to:

Angela Carroll.
